

THE SAN JUAN TIMES

FRIDAY, AUGUST 9, 1895.

LATEST LOCAL NEWS.

Subscriptions due for the past year must be paid at once.

Indian trader Sam Rush was in town yesterday.

Judge Webster visited Farmington Wednesday.

Col Williams of Aztec visited Farmington Monday.

Mr. and Mrs. George Allen left for Durango yesterday.

Maude Waring is visiting Eva Ceolidge this week at Olio.

Junction City is now called Junction by order of the postal authorities.

Attorney L. L. Henry was down from Aztec this week on business.

Grain is being cut around Fruitland and the crops are most promising.

Mrs. E. Wise was the guest of her sister Mrs. C. C. Pinkney last Tuesday.

Agent McCaa, Mr. Bacon and a friend visited Farmington, Tuesday last.

Mr. and Mrs. Harry Allen from the La Plata were in Farmington on Tuesday.

There was a very pleasant and well attended dance at the Sheek residence last Friday night.

J. A. Laughren visited Durango last week. He reports a deal of railway talk in the city.

We learn that Newton & Graf have sold the red wagon that stands in front of their shop to Phelps Bros.

Messrs. Collyer, Currie and friends passed through Farmington yesterday returning from a trip to Chaco ruins.

The premium list, rules and regulations of the Albuquerque fair next September can be seen at The Times office.

Men and women are in demand now for drying apples and making cider, this being done all around by the orchardists.

Mrs. A. M. Reed and Mrs. Clanton have left Farmington. Mrs. Reed will go on to Pinkerton springs where she has secured a school.

Miss Nellie Kesler and Miss Cleo Pelton from Durango are visiting at Mr. Elmer's and will enjoy our climate and fruit for a few days.

The second crop of alfalfa is being cut. This cutting will in many instances be much heavier than the first, and the hay seems of excellent quality.

Parties expecting to get fruit boxes of Sam Hood, the Florida saw mill man, should send in their orders at once, as he cuts to order only. P. O. Durango Colo.

Miss Tripp and her sister from the Mission visited Farmington Tuesday. They were the guests of Mrs. Rugh and left yesterday for a visit to Pagosa springs.

For Sale, J. R. Young of Fruitland has good sorghum for sale at 50 cents per gallon including can, delivered here, orders and cash can be left at Times Office.

Navajo Bill will be on evidence again amongst his people. His baggage made its appearance yesterday ahead of him. [He's turned up since we wrote the above.]

Mr. Stark has made a distributing point for box stuff at the San Juan Commission House in Durango. All kinds of fruit boxes, "combination" sizes, from the best material.

Mr. Jack Warren returned today from Bowman's saw mill where he has been running the box machine. Mr. Warren takes his sister, Mrs. Russell, over to Gallup where she will reside with her son who is working there.

The fruit market is congested at present; probably a week or two will relieve it. We are wondering whether the railway will condescend to give us any reasonable rate out of Durango. Should they decide to do this then our market is further on, and a chance of getting rid of our splendid crops at a decent rate.

W. H. Griffith of Aztec the sewing machine man who is visiting Farmington on his business, informs us he is the sole agent for a patent gate. This invention saves a deal of trouble and expense and labor. The gate closes, opens, secures itself automatically and should sell well to farmers round

here who complain of gates which let their neighbors' cattle and hogs in so readily.

A family with wagons and furniture reached Farmington, Tuesday, from Hays county, Neb. They camped out near the river. Their intention is to locate with us.

This last week very heavy rains have fallen in the district, but of a most partial nature—one ranch getting a good soaking while its neighbor would be altogether discarded.

Clay Brimhall and Roy Kennedy are setting up a threshing machine in Fruitland. This will be a great advantage to the people of that enterprising settlement.

We are informed on the best authority that the tomato blight can be stayed, and the plants restored to health by the process of flooding the vines, allowing the water to stand for two or three days.

The by-laws and agreement drawn up for the proposed new academy at Farmington are in hand and will be before the public in a few days in the canvass to be made for their support of this most essential project.

Mrs. Anderson, the mother of Mrs. Reynolds, is staying with her daughter in Farmington. Mrs. Anderson is from Ouray, Colo., and will stay with us some months to enjoy the delicious fruits and the benefits of our superb climate.

Calvin Mercer started yesterday for Hay gulch. A friend of Mr. Mercer's sent for him to look into some gold mines he has there. Heavy shot gold has been found and Mr. Mercer will give the benefit of his experience as an old Montana miner.

"It seems to me that you want an unreasonable high price for this joke" said the editor. "But," said the humorist, "it is an Irish bull. And when you consider the present high price of beef you must see that I am demanding nothing more than ruling rates." —Cin. Tribune.

The Times received a pleasant visit from Charley Magraw who was in Farmington contracting to bale hay for several fruit men who require hay in this convenient form for carrying during the busy season. Anybody desiring his hay baled can see or write Mr. Magraw at La Plata.

Will Foster had a narrow escape yesterday. His horse fell with him and lay on the top of his rider. Mr. Foster was extricated from his dangerous position by Joe Fahrion who succeeded in holding the horse and moving him without his kicking. Mr. Foster is bruised but we trust not severely.

Mr. Reynolds, our affable and rustling mail contractor, has added a new wagon to his vehicular stock. This wagon is of the Duplex make one of the easiest traveling and safest wagon made. It will be a decided addition to our stage facilities, which Mr. Reynolds is striving successfully to improve.

Mr. J. P. Platt of Galesburg, Ill., who came down with Mr. and Mrs. Dunham, visited The Times. Mr. Platt expresses his pleasure and surprise at the evidences of progress he met with on his journey down the county, and especially admired our splendid orchards. He returns to Denver where his family are visiting, and will take in several places of interest on his way home.

A cloud burst yesterday afternoon resulted in great damage to Socorro and vicinity. Six dead bodies have thus far been recovered. It is feared that many more are dead. The destruction in the farming district in the valley below town is great, and it will be a miracle if other bodies are not found when the flood subsides. Many are missing and can not be accounted for.

A most enjoyable musical evening was spent at Mrs. June Prewitt's on Sunday last by a number of her friends. Amongst the guests present we noticed: Mr. and Mrs. Scott N. Morris, Mrs. Eastman, Mrs. J. Ellen Foster, Mr. and Mrs. W. H. Foster, Mr. and Mrs. J. A. Laughren, Mr. and Mrs. C. H. McHenry, Mr. and Mrs. George Allen, Mr. and Mrs. C. C. Pinkney, Mr. and Mrs. Wilkalsky, Mr. and Mrs. V. R. N. Greaves and Dr. A. Rosenthal.

The promotion of the San Juan county fair to be held Sept. 9 and 10 is in the hands of energetic citizens of this county and the fair may be considered a certain success. There will be an immense quantity of fruit to choose from for exhibits. There has

not for years been so good pasture in this district, whilst the hay crop will be very great. This as affecting the fair will mean every facility for feeding stock for the occasion.

A. U. Graves of Cedar Hill sent to The Times a sample of the peach grown by him at his Cedar Hill orchard. The fruit is a large, sound peach dark, well grown and luscious. This proves the great capabilities of that district as a fruit raising country, and Mr. Graves is to be congratulated on the success of his efforts to produce really fine table and market fruit.

Last Friday T. M. Alexander of Cedar Hill was repairing some damage caused by the recent rains. He left his team near a steep embankment, tied the lines to the wheel and unhitched one tug. The horses took to backing and finally backed down the embankment about 20 feet deep. The team got off however with a few bruises.

Notice to all People.

Mrs. E. R. Sizer or Mary Sizer the lady travelling around the country, is my wife and the mother of my children and I hope all will treat her with kindness and respect, as I suppose she considers that she is doing her duty as a wife and mother; but I differ with her in that respect and my financial condition is such that I cannot stand any foolishness but my own, and I give notice that I will not be responsible for any of her debts or transactions she may incur or enter into.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional remedy, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

A YEAR FOR THE INDUSTRIOUS.

If you want work that is pleasant and profitable, send us your address immediately. We teach men and women how to earn from \$5.00 per day to \$3,000 per year without having had previous experience, and furnish the employment at which they can make that amount. Nothing difficult to learn or that requires much time. The work is easy, healthy, and honorable, and can be done during daytime or evenings, right in your own locality, wherever you live. The result of a few hours' work often equals a week's wages. We have taught thousands of both sexes and all ages, and many have laid foundations that will surely bring them riches. Some of the smartest men in this country owe their success in life to the start given them while in our employ years ago. You, reader, may do as well; try it. You cannot fail. No capital necessary. We fit you out with something that is new, solid, and sure. A book brimful of advice is free to all. Help yourself by writing for it to-day—not to-morrow. Delays are costly.
